Thanks Kevin – good questions.

This is not a federal facility. This is a pre-remedial site assessment investigation that may lead to a PA/SI. John C is working on this as well as Judy Huang. We need the SSID to track time and costs (as well as documents in SEMS).

Hope that helps – let me know,
Thanks
John

Hi John,

Just a quick question, is this a potential federal facility (or just the typical Removal Program response)? I noticed you copied John C., so that's why I asked. Plus I needed to make sure I set the Initiating Program correctly in SEMS when I generate the site (which will require a Non-NPL Status selection). At the moment, I just noted that it was a Removal Program Initiation, but I can change it later (if necessary). Please let me know. I'll pass this site info over to Anabel so she can create the SSID now.

Thanks,
Kevin

Subject: Request to Establish SSID
Importance: High

Hi Kevin and Anabel,

By this email, I am requesting that an SSID be established for: Southern California Ocean Disposal Site #2. The site is in the ocean northeast of Catalina Island. We will add lat./long. coordinates at a later date.

This is a time sensitive request.

Please let me know if you need additional information.

Thank you

John
